Percussion & Rhythm Workshops

fun & lively workshops for adults, children or families...

**offering a chance to
dance, drum, juggle, sing and
twirl poi.**

Workshops can be structured in 2 ways -

Either: 3 separate workshops, each focusing on different skills (drumming / dance / juggling & poi), with the option of a 4th workshop to create a short performance piece.

Or: a one off workshop (min. of 1 ½ hours) incorporating all the skills, combining them within the workshop into a short performance piece.

In both cases the piece may be performed informally at the end of the workshops, or as part of a showcase.
